## ICSSC Mapping Exercise, Stage 1

- NIST has completed the first stage of an agency mapping exercise in order to determine what agencies should participate in the ICSSC.
- Executive Branch comprises
  - 15 executive departments
  - 66 independent executive agencies
  - 275 subsidiary executive agencies
    - 236 for departments
    - 39 for independents

## ICSSC Mapping Exercise, Stage 1

No.	Parent Organization (Executive)	SSC	No. SSC	At-Large	Exempt	Subsidiaries	Rec'd
1	<a href="#">U.S. Department of Agriculture</a>	X	1			21	Y
2	<a href="#">U.S. Department of Commerce</a>	X	1			16	Y
3	<a href="#">U.S. Department of Defense</a>	X	1	1		52	
4	<a href="#">U.S. Department of Education</a>					10	NIST
5	<a href="#">U.S. Department of Energy</a>	X	1	1		18	Y
6	<a href="#">U.S. Department of Health and Human Services</a>					25	
7	<a href="#">U.S. Department of Homeland Security</a>					13	
8	<a href="#">U.S. Department of Housing and Urban Development</a>	X	1			10	
9	<a href="#">U.S. Department of Justice</a>	X	1	1		22	Y
10	<a href="#">U.S. Department of Labor</a>	X	1			11	Y
11	<a href="#">U.S. Department of State</a>			2		6	
12	<a href="#">U.S. Department of the Interior</a>	X	1			11	Y
13	<a href="#">U.S. Department of the Treasury</a>					7	
14	<a href="#">U.S. Department of Transportation</a>	X	1			11	Y
15	<a href="#">U.S. Department of Veterans Affairs</a>	X	2	2		3	Y
Total = 15		12	13	7	0	236	7
		80%					53+%

# ICSSC Membership Categorization

## ICSSC Membership Classifications

- Two categories of membership on the ICSSC:
  - 1) the designated Seismic Safety Coordinator (SSC), as required by the EO; and
  - 2) At-large Member.
- Both membership categories are further classified as indicated in the following table

Membership Role	ICSSC Membership Classification			
	Production	Consumer	Advisory	EO Point of Contact
develop and release recommended practices for adoption by federal agencies	•			
support their agency in adopting recommended practices in agency policy	•	•		
advisor to the ICSSC or to their agency's members	•	•	•	
point of contact between their agency and the ICSSC to support EO 13717 compliance efforts	•	•	•	•

- NIST is in the process of modifying ICSSC roster based on 2022 data call submissions

## ICSSC Membership Classifications

- Membership in the Interagency Committee on Seismic Safety in Construction (ICSSC) is open to all federal agencies that are responsible for any of the following activities:
  - 1) design and construction of new buildings;
  - 2) design and construction of alterations to existing buildings;
  - 3) leasing an existing building, or space within (see below);
  - 4) leasing a new building, or space within (see below);
  - 5) financing, through grants or loans, or guaranteeing the financing, through loan or mortgage insurance programs, new building construction or acquisition of a newly constructed building; or
  - 6) regulating the structural safety of a new or existing building.

Agencies are exempt from Items 3 and 4 if the agency does not have independent leasing authority or conditional delegation of leasing authority to lease an existing or new building, or space within these types of buildings. In this case, the agency only uses occupancy agreements to occupy space in a building that is owned by or leased to another agency.

---

## ICSSC Membership Classifications

- Membership in the ICSSC has historically been agencies that have facility management, engineering/construction, or real property groups that are directly involved in any of the listed items.
- Regarding seismic safety, these groups are generally focused on mitigation of potential earthquake-produced damage to their agency owned, leased, financed, or regulated buildings.
- Seismic safety is a government-wide effort and involvement by “other” agencies could enhance the ICSSC
  - agencies that conduct or support post-earthquake response and recovery responsibilities, either for their agency, other agencies, or the public-at-large.

## ICSSC Membership Classifications

- Discussion
- Are there other agencies we would like to see and how could we structure the group?

# Questions

---

Thank you!
